

WHO ARE WE? Understanding our cultural identity through exploring rituals and beliefs and their contribution to the preservation and development of culture (A module towards Ragamuffin's Certificate in Arts Therapy Programme)

Facilitated by: Kit Loring & Carrie Herbert – Ragamuffin International

Dates: March 4th - 7th 2013 9.30am-5.30pm Venue: Connexion, Hong Kong

The four day course aims to explore the clinicians' understanding of the influences on the development of identity as critical in treating a range of emotional, psychological and mental health issues.

This workshop uses a range of Arts Therapy techniques to gain insight into the meaning and value of ritual and the power of belief. As such, clinical skills are developed as each participant's understanding of what makes us who we are deepens and develops.

The training is heuristic in nature – learning through experience, observation and reflection. Whilst the trainer will guide and oversee the workshop, the group will be considered partners with each other and the trainer in the learning process.

Course Outcomes:

(Module credits towards certificate)

The course will enable trainees to:

1. Gain confidence and competence in the use of the arts in therapy and creative expression.
2. Explore culture, identity, beliefs and their impact on individuals and communities.
3. Gain supervised experience in the therapeutic application of the arts with clients.
4. Develop skills in the use of the arts in therapy and counselling.
5. Increase self-awareness and nurture personal growth.
